&lt;END&gt;

~~incorporated into the work, and not stockpiled or further transported by truck, pick up that mineral aggregate and deliver that mineral aggregate to the site of a project that is subject to this section by depositing the material substantially in place and immediately incorporating the material into the work at its final location of placement, directly or through spreaders from the transporting vehicle, without the need to pick up and move the material to the location at which it will be incorporated into the work.~~

Frankly, I'm not even sure I've correctly reflected the effect in my summary.]

### **CONSTRUCTION PROJECT ON USH 14 IN THE VILLAGE OF OREGON**

Require DOT to do a reconstruction project, during the 2007-09 biennium, in the Village of Oregon in Dane County on USH 14 between CTH MM and STH 138 involving the replacement of the pavement and the construction of an additional lane in each direction.

### **PROHIBIT CONSTRUCTION OF A TRUCK WEIGH STATION IN THE VILLAGE OF ROCKLAND**

Prohibit DOT from constructing or locating a truck weight enforcement facility in or adjacent to the Village of Rockland in La Crosse County.

Finally, Aaron, the truck permit item that we spoke about is on hold for now, but it may come in later. They want the non-divisible provision to apply to "inter-modal containers used in the import and export of agricultural & human & animal food products." That's literally what it says. I suppose that could mean almost anything. Bags of Meow Mix? Doritos?
